SCOPE OF WORK

The Cluster aims to promote urban health within Europe by utilising synergies among the Cluster members. The Cluster activities will be aligned with relevant ongoing and potential future initiatives on urban issues, also funded under the research and innovation programmes Horizon 2020 or Horizon Europe:

Kick-off and annual cluster meetings

Joint dissemination and communication actions

Establishment of an International Cluster Advisory Board

Organization of thematic workgroups to address key challenges to urban health research and innovation

OUTCOMES

Cluster website

Social media presence

Newsletters and leaflets

Scientific publications and policy briefs

Thematic workshops

THE CLUSTER PARTNERS

eMOTIONAL Cities

eMOTIONAL Cities aims to provide scientific evidence on how the natural and built urban environment shapes the neural system underlying human cognitive and emotional processing, with a perspective that also incorporates age, gender and vulnerable groups' specificities.

ENLIGHTEN ME

ENLIGHTENme aims to advance the understanding of how indoor and outdoor lighting affects health and wellbeing, particularly in elderly populations. It will develop innovative, evidence-based guidelines and policies for measures, technologies, and interventions that can be implemented with a dedicated Decision Support System to help both citizens and city leaders improve public health and wellbeing.
